PM User Story Creator — Test Results

Test Summary

Project: PM User Story Creator
Total Test Cases: 5
Passed: 5
Failed: 0
Overall Status: PASS

TC-001: Standard User Story Format

- **Status:** PASS
- **Actual Result:** Generated a user story using the standard Agile format, with acceptance criteria, edge cases, and priority metadata.
- **Conclusion:** Meets the standard user story format requirements.

TC-002: Acceptance Criteria

- **Status:** PASS
- **Actual Result:** Generated at least four clear, functional, and testable acceptance criteria using checkbox format.
- **Conclusion:** Meets the acceptance criteria requirements.

TC-003: Edge Cases

- **Status:** PASS
- **Actual Result:** Identified relevant edge cases and described the expected system response for each.
- **Conclusion:** Meets the edge case requirements.

TC-004: Priority and Justification

- **Status:** PASS
- **Actual Result:** Assigned a priority of High, Medium, or Low and justified it based on user value and implementation effort.
- **Conclusion:** Meets the priority assessment requirements.

TC-005: Scope and Formatting Restrictions

- **Status:** PASS
- **Actual Result:** Produced structured Markdown without conversational introductions or technical implementation details.
- **Conclusion:** Meets the scope and formatting requirements.

Observations

- Some generated outputs included additional product behavior not explicitly specified in the original feature request.
- Unconfirmed behavior should be reviewed before finalizing product requirements.

Final Conclusion

All five test cases passed the checks performed. The PM User Story Creator meets the tested formatting, acceptance criteria, edge case, priority, and scope requirements.
